

Permanent Member of the Theory and Simulation Group at the Institute Charles Sadron

We are seeking for a creative, motivated researcher at the junior level to join the Theory and Simulation Group (TSP) at Institut Charles Sadron (ICS), Strasbourg, as a permanent member. ICS is an interdisciplinary CNRS Institute devoted to polymer and soft matter sciences. Applicants with a strong background in (statistical) physics, either theory or simulation, are encouraged. The typical candidate will have postdoctoral experience. Broad interaction with the experimental groups at ICS and a strong involvement in the elaboration of new projects are expected.

Application deadline : September 1

Applications : Motivation letter and CV to recruitmentTSP@ics-cnrs.unistra.fr
